VoiceStream

Collaborate SEAMLESSLY

BENEFITS

The VoiceStream Unified Communication Solution

- Improve productivity by working with offsite colleagues and customers as though they were in the same office.
- Achieve first call resolution for customer and prospect inquiries.
- Minimize the need for travel by integrating all employees onto a seamless, easy to manage communications infrastructure.

IMPROVE PRODUCTIVITY

- Experience virtual meetings and file sharing, desktop sharing, and chat capabilities.
- Schedule and participate in virtual meetings with "My Room".

IMPROVE CUSTOMER SERVICE

- Utilize presence indication for instant view of available associates.

DECREASE COSTS

- A single, seamless collaboration infrastructure can reduce costs for bandwidth and calling services.
