

# Mobilize YOUR BUSINESS

## The VoiceStream Unified Communications Solution

- Take your office wherever you go. Apps for iPhone and Android phones are seamlessly integrated with your VoiceStream communication service.
- Increase productivity, growth and customer service by never missing a call.
- Support the BYOD (Bring Your Own Device) trend and ensure all calls stay on your business network.

### **GROW YOUR BUSINESS**

- All calls ring to your mobile devices, ensuring you stay in touch and close deals as they happen.
- Enjoy mobile access to your corporate directory for sales calls on the go.

### **COMMUNICATE MORE EFFECTIVELY**

- Use a single number for all incoming and outgoing calls across desk phones and mobile devices.
- Have mobile access to powerful features - Instant messaging (IM), call pickup, video calling and user presence.

# TAKE YOUR Office Anywhere

## ABOUT US

With over 17 years of telecommunications experience, O1 Communications provides high quality service and works closely with customers to design solutions to meet their unique needs.
